MARK PILLAY

With Olympian Larkyn Austman

October 6th and 7th

Bring your creativity and artistry alive on ice in this 2 day skating seminar hosted by VVSC in Kamloops BC

Mark has been involved in choreography since 2002. In this short time Mark has quickly made a name for himself becoming a sought after choreographer in much of Canada, the United States and Europe. Several of Mark's students have become National Champions and Grand Prix medallists. Mark was a Senior National competitor in singles, a challenge level ice dancer, and proudly earned his 8th figure test in his amateur career.

Mark has an exceptional gift at using his education, dance history and performance experience to create memorable programs for figure skaters. His rapport, humour and communication skills seem to put skaters at ease, which fosters a safe environment for skaters to push both their movement and performance abilities.
